AP-938, PEBBLE POT,  
SIZE-12"\*7.5"\*4"

## About Us

Started in the year **1980**, **Garden Aids India** has grown phenomenally over the years due to various factors and has garnered a huge clientele on its way. Supporting and enabling us to succeed is **Sri. Mahesh Gujral**, under whose guidance and dedicated efforts we have grown tremendously. His expertise in the agrarian domain and exponential knowledge has been a great boon to our survival and steady growth. The seeds and plants offered by us are of superior quality and we ensure that they satisfy all agrarian parameters before they reach our valuable patrons. Our range of onion seeds are highly qualitative and enjoy a huge demand as the germination is guaranteed up to 70%, 80% and 90% in all of them. We ensure that the right and latest methods of cultivation are adopted and there is no compromise in quality. Apart from dealing in seeds and plants, we also offer farm development and horticulture development services to all our patrons. This provision of services has stemmed from the years of experience in this domain, and our knowledge of the latest introductions and changes in the agrarian sector. The highly reliable and our tried and tested methods have provided solutions to various issues and today we take great pleasure in our ever growing clientele. Effectively planned and managed professionally, there is an optimum utilization of all our resources and we ensure that the stages of production and the final range comply with all international...
