Fluid Systems Ind

<https://www.indiamart.com/fluidsistemas/>

A renowned manufacturer, supplier & exporter of highly reliable water purifying systems, centrifugal self-drainable pumps & storage tanks. Also, we hold expertise in offering prompt after-sales services & undertaking turnkey projects.

About Us

Established in the year 2001, we, **Fluid Systems Industry, Thane**, have emerged as a distinguished manufacturer, supplier and exporter of water purifying systems, centrifugal self-drainable pumps & storage tanks. Our products are highly acclaimed for their excellent performance, easy installation, user-friendly operation and long service life. Our product range finds wide application in mining and ore extraction, pharmaceuticals, textile, dyeing and garment, chemical and food & beverages industries. We manufacture our range using quality assured raw material to ensure the durability and corrosion resistance of our products. Apart from manufacturing unmatched quality water systems, we have also gained expertise in offering Turnkey solutions to our clients. We also provide highly effective and prompt installation, commissioning, repair & maintenance and after sales services. Further, our domain expertise also allows us to supply accessories, spares & pipelines and provide technical assistance to our clients. We have employed an exceptional team of professionals, which is the backbone of our organization. Our qualified and experienced professionals have enabled us in catering to a vast client-base in an efficient manner by offering them excellent products and unrelenting services. Under the able guidance of our mentor Mr. Christopher Alphonso, we have established ourselves as a reckoned name in the industry. His immense business knowledge and...
