About Us

Established in the **year 2009**, "**Foster Event Planning & Solutions**" is one of the reputed service providers offering highly efficient and reliable event management services to our clients. Our range of services include **of Corporate Seminars, Corporate Conferences, Exhibition, Road shows, Conference Organizers, Corporate Event Management, Brand Activation and Media Consultants** amongst the others. We try very hard to cater to the increasing demands of our clients. Before rendering the services, we first try to understand the specific needs and requirements of our esteemed clients, such that we leave no room for any dissatisfaction to occur. These are then planned and managed accordingly by our quality controllers who ensure that the best of services are offered. They further ensure that our services match the international standards of quality. They also ensure that only high quality materials are used for the purpose of decoration and to enhance the glamor of the area where the event is to be conducted. We have a wonderful team of professionals who understand the importance of each and every event and leave no stone unturned to ensure that these services are done to perfection and in a timely manner. Their main aim is to offer peace of mind service that can help leave a smile of satisfaction on the faces of our clients. Each event, conferences, seminars, road shows and the like is properly discussed and planned, managed well and done to...
