FPC Unipro Private Limited

<https://www.indiamart.com/fpc-petroenergy/>

FPC Petro Energy Private Limited is an international trading company, dealing with import and export of petrochemicals & petroleum products. We are also dealing phytosterol, mixed tocopherol, vitamin E acetate and soya products.

About Us

Incorporated in year 2002. The main objective of the company is to deal with Import and Export of Petrochemical & Petroleum Products and providing support services to the clients globally. The company has commenced initial commercial operations in the year 2003 on a small scale and over years developed more with suitable partners and expanding markets with various products. The focus areas were mainly Indian Sub continent, South East Asia and Middle East. However the markets are growing in Europe & North America. With over a decade of experience in international trade & focus on partners requirements FPC is going steadily.

The company is promoted by Mr. Surya Kumar Sikha an Engineering graduate and a first generation entrepreneur. The promoter has initially worked in Indian Navy as Commissioned officer, after that worked with reputed Indian and Multinational companies like Reliance Industries Ltd., Ssangyong Corporation, CMS Energy, Enron etc. The promoter has exposure in projects related to power and infrastructure in the areas of development and planning. Additionally has exposure in international market and in international trade. With this background the promoter of the company has explored the possibilities of stepping into international trading with the focus area on Petroleum & Petrochemicals. As petrochemical field is relatively new and developing compared to petroleum and energy
