About Us

Fresh N Frozen Food Tech was incorporated in the year 2009. We are a trusted name in the global market of processed meat. We are recognized as the most authentic producer, supplier and exporter of "Halal" meat across the globe. Our wide array of buffalo meat includes Buffalo Meat, Forequarters, Hindquarters, Buffalo Hides, Offals and Chicken meat. We are known for supplying highest quality, best tasting buffalo meat in the world. The quality comes from the way in which our buffaloes are raised. They are never injected with hormones or growth promoters and are only fed on the natural grass. Our commitment to total quality covers each and every aspect of our processes till the product is dispatched to the final destination. Apart from the quality of meat, we lay special emphasis on hygiene. We are endowed with state-of-the-art chilling rooms, plate freezers, blast freezers and cold storage. Our companies infrastructure is spread over 20000 square feet. These plants help us to process quality meat that are fresh and free from any artificial or synthetic substance. With our consistent efforts to provide best quality of meat, we have been provided with no-objection certificates from the concerned authorities including Department of Animal Husbandry as well as the Agricultural and Processed Food Export Development Authority (APEDA). We strictly adhere to HACCP and ISO 9001 : 2000 norms.

All our meat products are available at the most competitive prices - be it the bulk...
