## About Us

Founded in the year **2002**, We **Fuji Shyam Lift-Tech Pvt. Ltd.** are a highly renowned company and well-known as the **Manufacturer and Supplier** of **Capsule Elevators, Hospital Lifts, Passenger Lifts** and many more. We are also service provider of **Lift Installation Services**. These products are widely commended for their excellent performance, hassle free working, easy operation, long functional life and insignificant maintenance. The offered products are flawlessly manufactured by our skillful professionals making utilization of best quality components and other allied basic material with the aid of modern techniques in obedience to set quality norms.

In order to manufacture our offered products with ultimate functionality, we are backed by an extensive infrastructure division. Our infrastructural division is categorized into numerous departments like procurement, quality inspecting, manufacturing warehousing, R & D and packaging. Our production division is equipped with contemporary machines and tools that help us to accommodate the numerous needs of our respected clients in the most effective manner. Besides, our infrastructural unit is regularly maintained and improved with machines to achieve high productivity and best quality output.

Under the administration of our Director, **Mr. Mahabir Singh**, we are able to gain huge appreciation of our valuable customers.
