We are noteworthy enterprise rendering reliable engineering services like biomedical engineering services, electrical engineering services, electronic engineering services etc. Apart from this, we manufacture and supply top grade lab equipment.

About Us

“**Gaark Micro Device**” is renowned organization established in the year **2001** at **Coimbatore, Tamil Nadu (India)**. The firm is involved in rendering different types of **Engineering Services** that include **Mechatronics Engineering Services, Power Electronic Systems, Embedded System Trainer, Process Control Systems, Industrial Automation Systems, Biomedical Engineering Services, Control Engineering Services, Electrical Engineering Services, Electronic Engineering Services, Factory Automation Systems** and **Instrumentation Engineering Services**. Moreover, the company is noteworthy **manufacturer** and **supplier** of vast gamut of top grade **Lab Equipment** that comprises **Microcontrollers, Industrial Controllers, Micro Process Kit, Humidistats** and **Microprocessor**. Being quality conscious enterprise, we ensure that our Engineering Services are rendered at par with the international quality norms. Our expert team personnel have an in-depth understanding of the process and have rich industry experience that has assisted us in attaining complete flawlessness in our Engineering Services. Further, our best grade Lab Equipment for Engineering colleges and Polytechnics fulfill the needs and requirements of ECE, EEE, EIE, ICE and BME departments. We have mustered large number of reputed Engineering Institutions in our client base around **Coimbatore, Erode, Salem, Madurai, Tirunelveli, Trichy, Chennai,...**
