We are one of the leading manufacturers and supplier of indoor and outdoor fountains. In addition, we also provide complete turnkey solutions from design to erection of projects at multi complexes and cities.

## About Us

Incepted in the year 1999, Garden Engineers is engaged in manufacturing and exporting a wide range of indoor and outdoor fountains and other associated accessories such as nozzles, LED lights and fountain lights. We also provide turnkey solution for fountains, sprinkler systems for irrigation purpose, landscaping and making of swimming pools. With the domain expertise, we are offering total solution to our valued clients spread across Northern India.

Our services, start from the initial stage of site inspection, understanding clients varied requirements, designing to the ultimate commissioning and installation. The entire procedure is executed under the supervision of skilled professionals. Our experienced engineers are well aware of the latest trends that ensure optimum utilization of resources. Our civil engineers, technicians and landscape designers adequately design the fountains and ensure that these work efficiently. Due to this, we have gained a reputed position by creating and designing both indoor and outdoor waterfalls and fountains for leading government department, hotels, factories, hospitals & private organizations. In addition to this, we also deal in products like Garden Lights, Led Street Lights, Flower Pots with Lights, Strip Lights, Garden Umbrellas, Benches and Gazibos.

We are guided by our mentor Mr. Pradeep Singh, we have emerged as one of the leading names in the industry to be reckoned with....
