About Us

To deliver on time every time unmatched Quality products (process equipment and units) and services meeting all safety norms, through team work, implementation of latest technology through continuous learning, demonstrating customer delight and becoming preferred supplier, protecting environment, meeting investor expectations, and simultaneously developing the society as a responsible corporate citizen.

We, at Gemini Engi-Fab, are on a mission to be the best quality global manufacturer of process equipment and process units for various sectors like Oil and Gas, Petrochemicals, Fertilizers, Food & Dairies, Cement and Nuclear Plants. We meet international Quality, Safety, Health and Environment standards, and thus, exceed the expectations of our esteemed customers.

We consider our customers delight to be our credential; we aim at achieving it, at every step.
