## About Us

Genesis Leisure Consulting provides a comprehensive range of services within the tourism, hospitality and leisure sectors. Its expertise has been developed from the delivery of a spectrum of projects viz. tourism master plans, market feasibility studies, detailed project reports, techno economic viability studies, design development and business strategy plans.

Genesis works closely with professionals drawn from architecture, landscape design, project management, environmental management and marketing. Together, they provide necessary skills to bring the best concepts forward and execute them to the highest levels of quality and efficiency.

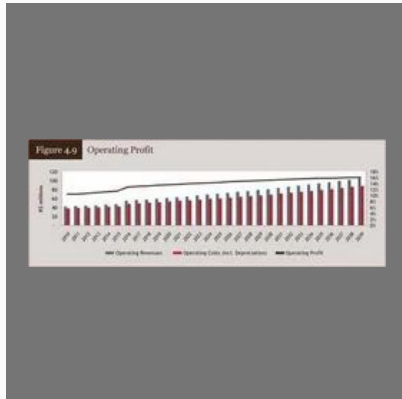

Genesis Leisure Consulting is empanelled/associated with various tourism organizations (both public and private sector) in India to provide consultancy services for the development of detailed project reports (DPRs), tourism master plans, project feasibility reports and providing architectural designs for various tourism destinations/tourism infrastructure projects.

The firm is also empanelled with leading financial institutions such as SBI and its associate banks as a Technical Consultant and Project Advisor to provide techno- economic viability reports, feasibility reports and financial advisory services in hospitality, tourism and leisure sectors.
