Genuine Technologies

<https://www.indiamart.com/genuine-technology/>

We are one of the leading manufacturers and suppliers of a wide range of **precision components, sheet metal pressed components, pressed components and automotive parts.**

About Us

We, '**Genuine Technologies**', established in the year **2008 at Hosur, (Tamil Nadu, India)**, we **Genuine Technologies** are renowned as one of the leading **Manufacturers and Suppliers** of a high quality range of **Precision Components, Sheet Metal Pressed Components, Pressed Components and Automotive Parts**. To maintain the quality standards of our product range, we manufacture these products from high grade raw material that is procured from our trusted vendors. The products are appreciated by our valuable clients for their high quality and upright delivery service.

Assisted by a state-of-the-art manufacturing unit, our professionals are able to meet the bulk requirements of our clients in a timely manner. Owing to features like durability, robust construction, tensile strength and longer service life, these products are extensively used in various industrial applications. The products are inspected by our experienced quality controllers to ensure the delivery of a flawless product range to our valuable clients. We offer this range in various dimensions with the help of the latest machines installed in our up-to-date fabrication division. Under the efficient guidance of our mentor, '**Mr. Anand**', we have managed to attain a position of repute in the industry. His sharp business acumen and client-centric approach has also helped us in creating a niche in the market.
