We are an eminent manufacturer, exporter & supplier of precision engineered plastic valves. With our wide assortment of products we are successfully catering to varied recognized industries such as irrigation, house plumbing etc.

About Us

Established in the year 1991, in Coimbatore GK plastics is an eminent name among the manufacturers, suppliers and exporters of plastic valves of unsurpassed quality. With an experience of more than a decade and production capacity which is more than two lakhs fifty thousand valves per month we have been able to cater to a wide market in countries like UK, Australia, India, UAE, Saudi Arabia and Sri Lanka. Our mentor Mr. Gopalan Kannan who is a qualified Mechanical and plastic engineer has guided the company successfully through all odds and taken it to a commendable position Owing to a well equipped manufacturing unit and diligent work force We also have membership of TAPMA, CODISSIA and FIEO that has immensely contributed to our growth. We have patented designs for three way ball valve solid molded type.
