

Global Alloys

<https://www.indiamart.com/global-alloys-mumbai/>

Manufacturer importer and exporter of bearing steels, cold heading steels etc.

About Us

Global Alloys represents some of the very important manufacturers of Long & Flat steel products in the world. Our principals are recognized as having a high level of competence in the field of steel production and processing. They specialize in the production of wire rods, steel bars, semi finished products & hot rolled coils & sheets of various grades. These products are important preliminary products, both today and for the future, of automobile industry and its suppliers, the construction industry, power industry, engineering industry, the aerospace industry, general mechanical engineering and other steel processing branches. The fulfillment of our customer's high quality demands and the responsible handling of environmental concerns is documented amongst others in numerous certification and awards received by our principals.
