## About Us

Incorporated in the year **2012**, **GN Engineering Works** is listed amongst the noticeable names betrothed in the domain of **Bunk Houses, External Portable Cabins, Internal Portable Cabins, Kitchen Portable Cabins, Toilet Portable Cabins and Guard Cabins**. Fabricated making use of premium quality basic material and advanced tools and machinery, these are in tune with the universally set standards of quality and durability. The material used in their developmental process is purchased from most genuine and experienced vendors of the industry after strictly examining their durability and flawlessness. Moreover, their accessibility with us in different stipulations and dimensions has earned us vast appreciation and repute in the nation. Additionally, it is with our wide distribution network that we are able to deliver these products at each nook and corner of the country to our precious patrons at highly affordable rates.

We have established for ourselves a well-developed infrastructure facility that is incorporated with several departments including production unit, R & D unit, logistics and sales unit, marketing unit, quality testing unit, warehousing and packaging. This division has empowered us to proficiently fabricate all our products in the best possible manner. Also, we have hired an assiduous crew of personnel who are well versed with the knowledge of this arena. Working competently with each other, these have assisted...
