

Gravity Diecasters

<https://www.indiamart.com/gravity-die-casters/>

Manufacturer of Gravity and Pressure Aluminium Die-Castings and Precision Engineering Components, and Electromechanical Assemblies.

About Us

Gravity Die-Casters is a privately held ISO 9001:2008 certified company specializing in the process of die-casting and machining of high precision aluminium components.

GDC is a supplier of die-casted and precisely machined components to several leading Automobile and Defence Sector industries in India. It has also supplied high-precision castings to several Textile and Industrial Process Control industries in India.

Our core competencies are in Die-design and casting of non-ferrous, aluminium based components using the Gravity Die-Cast process, and in high-precision machining with close to zero percent rejection rate.

We have more than 38 years of operating experience in this field, and are run by a highly skilled team.
