## About Us

We introduce our self as Green Agrevolution Private Limited is one of the fewest companies in eastern India, who has vast understanding of entire value chain of agricultural supply chain – production, sourcing as well as post harvesting. We have developed most competitive model in production of agricultural requirements by own network of farmers, sourcing directly from growers, warehousing, marketing, packaging, logistics, and redefining the value of the products/commodities for its growers as well as consumers. With the aim of serving industry with better quality at affordable price and passing on maximum benefits to BoP segment, Agrevolution has built its network of growers in Bihar, Jharkhand and UP. Our major interests have been in connecting large and institutional buyers to the growers of various commodities. We deal with multiple products like Litchi, Papaya, Long grain paddy/rice, Wheat, Maize, Pulses, Turmeric, Mustard, Castor, Fresh vegetables and Medicinal herbs etc. The large scale of operations, production, processing, warehousing and logistics are spread over the length and breadth of these states. We have highly competitive sourcing and warehousing model for conventional crops like, Wheat, Maize and Paddy, which ensure good quality, competitive price as well as consistent availability throughout the year. Moreover, our other domain of activity goes for consulting services for Agri Business and Allied activities. Since execution plays vital role in agri and...
