<https://www.indiamart.com/grow-tech/>

We are a prominent name engaged in rendering Turnkey Greenhouse Project, Naturally Ventilated Poly House, Fan And Pad Cooling System, Shade Net House, etc. These services are known for their reliability, flexibility and timely execution.

About Us

Established in the year **2000**, in **Pune (Maharashtra, India)**, we “**Grow Tech**” are a reliable service provider, engaged in undertaking **Turnkey Greenhouse Project**. We are also providing services of these **Naturally Ventilated Poly House, Fan And Pad Cooling System, Shade Net House, Poly Tunnel**, etc. Green house/ Poly house farming i.e. Protected agriculture, where natural environment is modified by using engineering principles to achieve optimum plant growth and yield which involved capital investment per unit area as this technology has potential to produce more per unit area with less input use efficiency. This ensures regular and guaranteed profit generating and tax free income. However, it requires most scientific approach right from design stage to final production. Grow Tech expert will show you how to ensure light, temperature, co2, nutrient value, production value, post harvesting management, value addition, packaging etc. along with Media selection, its sterilization, pH, Ec value, IPM & INM, Irrigation, pest & disease, types of insecticides, fertigation etc for optimum quality yield.

Grow Tech with its 10 years practical experience achieved expertise in setting up green house/poly house Projects for cultivation of various crops like in flowers Dutch Roses, Gerbera, Carnation, Orchid and Anthurium & in Exotic Vegetables Color Capsicum, Cherry Tomato, Cucumber etc. We also can provide other crop types...
