We are engaged in Manufacturing and Supplying a wide assortment of superior quality Laser Machine, CNC Router, Laser Marking Machine and Spare Parts. Our offered machines are appreciated for their reliability and durability.

About Us

Established in the year **2012**, at **Delhi, (India)**, we, “**Guruji Cad Cam**” is one of the prime organizations involved in **Manufacturing** and **Supplying** a wide assortment of **Laser Machine, CNC Router, Laser Marking Machine** and **Spare Parts**. Our products are renowned for their durability, efficiency, reliability, corrosion & scratch resistant nature and long service life. Moreover, these are easy to operate and have high wear and tear resistance and require low maintenance. These machines are made from best quality raw material and modern technology in compliance with the industrial standards. Available in various dimensional specifications and capacities, these are extensively used in several industry applications. Our well-established organization has developed a broad infrastructure facility that is spread across the wide area of the land. This is divided into various units like manufacturing, quality testing, R&D, warehousing and packaging and after sale support. All our infrastructural units assist us in meeting the bulk and immediate requirements of our clients within predetermined time schedules. With the support of a strong quality management system, we carry out the processes of procuring the raw material to the delivery of finished products in adherence to the set industry norms. We have segregated our infrastructure into different units for smooth and hassle-free flow of the entire production...
