About Us

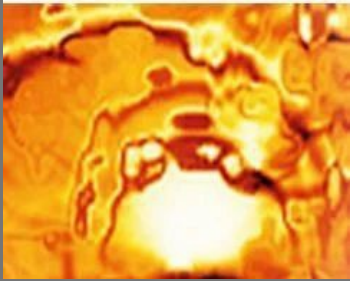

Welcome to HARDCASTLE PETROFER, a joint Venture between the Jaiias of HARDCASTLE group and the world renowned Petrofer Germany. HARDCASTLE PETROFER is an unparalleled combines of an Indian Company and a German Company both having served their respective Industries for over half a century. They have come together to complement each other's expertise and serve the Indian Industry with their combined strength. Partnership: The HARDCASTLE has made pioneering efforts during its long market presence in the Indian Metal Processing Chemicals and lubricants Industry. It was the first to introduce advanced technology products such as Polymer Quenchant and Fire Resistant Hydraulic Fluids to the Indian Industry by indigenous manufacturing and supporting the performance through unmatched service back-up. We are an approved supplier to an entire spectrum of leading industrial organizations in the Private and Public sectors in India. Many of our products are already being used by some leading industries on an exclusive basis. On the other hand, Founded in Germany over 50 years ago, PETROFER has attained market leadership in many areas through its dedication to customer service and product development. The PETROFER's commitment to quality assurance and the environment is reflected in its accreditation to the DIN EN ISO 9001, QS 9000, VDA 6.1 and DIN EN ISO 14001 standards. The excellence of it's product range is the result of the Company's philosophy of continuous...
