

Haribhau Vishwanath Musical Industries

<https://www.indiamart.com/haribhauvishwanath-musical/>

We are a renowned manufacturer, supplier and exporter of various kinds of Musical Instruments and Accessories. These are appreciated for their acoustic qualities, sturdy construction and finish.

About Us

Established in the year **1925**, “**Haribhau Vishwanath Musical Industries**” is a prestigious manufacturer, supplier and exporter of a qualitative assortment of **Musical Instruments and Accessories**. We set out as a small repair shop of musical instruments in **Mumbai city (Maharashtra)**. Before long, we began to indulge in the mechanized production of all kinds of musical instruments and sell these under the brand name “**Paloma**”. We are supported by an experience of more than half a century in this industry, which is amply reflected in the exquisite quality of our products.

Our crew comprises a brilliant team, which has had years of training, practice and apprenticeship in the craft of making indigenous and western musical instruments. The diversified range offered by us has been used by renowned musicians to play for practice, recitals and orchestras. Our procuring agents carefully select the optimum raw material, based on its tonal quality and longevity. Moreover, each instrument is carefully checked after the fabrication process to ensure that it has the precision of notes and desirable sound quality. We have an exclusive showroom at **Girgaum, Mumbai**, where premium quality Indian classical, Western, African, Arabian and other exotic instruments are displayed for retail purposes. Apart from this, we also indulge in the repairs of instruments and sale of literature in the field of music.
