Hari Electric Company

<https://www.indiamart.com/harielectric-co/>

We are an iso 9001:2000 certified manufacturer, exporter supplier and trader, engaged in various kinds of best quality electrical products for industrial and power sector. Our products are well-known for durability and optimal performance

About Us

We, **Hari Electric Company**, were incepted in the year **2002** at **Mandi Gobindgarh (Punjab, India)** and in such a relatively short span of time, today we have established a strong foothold in the highly competitive market. With the sheer determination and hard work, we come to be recognized as an eminent manufacturer, exporter and supplier of electrical products including **Transformers, Vacuum Circuit Breakers, Control Panels, Relay Panels, C & R Panels, L.T. Panels and V.C.B. Panels, HT & EHT and Substation Equipment, Power & Energy Measurement Instruments, Power Grids, Capacitors & Reactors, and many other such related products.** Each product manufactured by us is the reflection of excellent engineering work and we fabricate our products using the finest quality materials and workmanship. They are capable of standing any kind of adverse conditions and are high on all parameters of quality, precision and performance. Around 40% of our products are exported to **Kenya, Africa, Europe, Gulf Countries, Asian Countries, and many other places across the globe.** We are proud of our long standing relationship with some eminent companies like **Mukesh Udyog (LDH), H.M. Steel, Gillvert Radiant Textile, Punjab Steel, Prisem Steel, Abey Induction and others.**
