We are pleased to introduce ourselves as a professionally organized firm that deals in various fabrication jobs. We have expanded our capabilities to provide a variety of premium quality products.

About Us

We are pleased to introduce ourselves as a professionally organized firm that deals in various fabrication jobs. In the past few years we have gained a great deal of experience about our services and have applied our experience and expanded our capabilities to provide a variety of premium quality products.

Hemant Industries was formed in the year 1993 under the ownership of **DILIP NANASAHEB RASAL**, who has good hands-on experience of over 14 years while working with Thermax Ltd.

Hemant Industries was second unit for the Rasal Group having done good with proven techniques at the first unit which was run under the name of **Shri Bhairawnath Engg Works**.

In orders to offer these excellent quality products and service, we have developed a sophisticated infrastructural facility that spreads over a vast area. This facility is integrated with several functional units like procurement, manufacturing, quality-control, research & development, warehousing & packaging, etc. These units firmly support us in meeting clients large-scale and urgent orders in the best possible manner. Our manufacturing unit is well-equipped with advanced machines and technology that are united for production of flawless quality products at swift production rate. The entire processes of these units are carried out professionally under the supervision of our industry experts, who ensure hassle-free flow of work. We are backed by an in-house...
