# Hi-Beam Engineering Constructions

<https://www.indiamart.com/hibeam-engg/>

We are one of the most established organizations manufacturing and supplying a wide range of Building Construction Equipments. These can also be customized as per clients specifications.

## About Us

We are "**Hi-Beam Engineering Constructions**", engaged in the manufacture and supply of a wide range of Building Construction Equipments. Our range is highly versatile, has high tensile strength and can also be customized as per clients' specifications. These find wide usage in building various commercial and residential sites and used by a large number of industrial establishments.

We have displayed courage in experimenting with new ideas and have a background of maintaining honesty and integrity in all our dealings. Incorporated in the year 1970, under the guidance of our mentors and guide, we have reached a position where there is no scope of looking back. Our turnover has also scaled up to Rs. 2 - 5 Crore ( or US\$ 400 K - 1 Mn Approx.) in a short span of time.

Our range is manufactured in our state-of-the-art infrastructural facility and quality-tested at all stages of production. Our range has easy installation and maintenance features and enable in achieving economies of scale thereby keeping the costs lower at times of inflation.
