## About Us

**Hindustan Steel Corporation** is a well established company at **Coimbatore, Tamil Nadu (India)**. Our company was founded in **2010** as a **Sole Proprietorship** based firm engaged in **trader** and **supplier** a wide range of scrap products. The company is dedicated to the work and meets the needs of our customers with full potential support of experienced technical staff. Our huge array of products comprise of **Electronic Component Scrap, Aluminium Scrap, Used generator, Cast Iron Scrap** and many more. Our product range is extensively demanded and trusted in the market for its superior quality and some exceptional features such as high reliability, dimensional accuracy and high tensile strength. We have a full range of products to keep customers happy and satisfactory in term of quality. We also provide **Demolition Service** at nominal prices for the convenience of our valuable customers. Owing to the high-end features, these products are immensely used in various industries. We are supplier for Used Generator only. Under the guidance of **Mr. G. S. Madhan Kumar**, who is the **Manager** of the company, we have carved a distinct position for our company in this domain. He helps us to achieve targeted goals in stipulated time period. His extensive industry experience helps us in every step of the business. He constantly motivates his employees so that they can work effectively in well organized manner.

A team...
