About Us

Established in the year, 2009 at Howrah, West Bengal-India, we, "Hiran Fish Aquarium", have established ourselves as a noted company specialized in supplying and wholesaling a wide assortment of Aquarium Fishes with different species of Fish. Our broad collection of fish consists of Katti, Distichodus, Sardine, Gold Fish and Angel Fish. Considering their feeding habits and breed, we provide suitable aquariums that are elegant in designs and captivating. Besides, we also provide Repairing and Maintenance Services of a wide range of Aquariums, with the assistance of our well-trained and experienced professionals. In this domain, the definition of quality is complicated but refers to maintaining the hygiene of aquarium. To ensure this, it is requisite to determine the genuineness of their breed, their feeding habit, their natural habitat and suitable cohabitants. As a policy and commitment of the company towards quality, we ensure that our entire assortments of products compliment to the above-mentioned factors. We also ensure that the aquariums are designed and fabricated from premium quality glass, to avoid yellowing. Apart from these, to ensure satisfaction, we also adopt customer oriented management policies like easy payment modes, timely delivery of bulk consignments and economical pricing. Such provisions and facilities help us to win...
