Hi-tech Seals Industries

<https://www.indiamart.com/hitechseals/>

Manufacturer and supplier of Mechanical Seals, Industrial Seals, Rubber Components, Rotary Unions and Shafts. Our range of products overcomes the negative issues related to packed stuffing boxes and offers an alternative to fluid leakage.

About Us

Based at Ghaziabad, Uttar Pradesh, India, we “**Hi-Tech Seals Industries**” are engaged in manufacturing and exporting of a wide range of **Mechanical Seals and Component**. Used in different Plants like Chemical, Solvent Extraction, Refineries, Pharmaceutical, Distilleries, Beverages and Breweries. Our range is appreciated for its impeccable quality. These products adhere to defined industry standards of quality and are produced in our state-of-the-art manufacturing unit. In addition, we also repair all types of used mechanical seals (all brands and styles), thus saving 50% of the cost of buying a new seals. Backed by an in-house designing unit, we manufacture products that are technically designed to suit different industry applications. With our experience and in depth knowledge, we are capable of providing innovative products to our clients. We are dedicated to serve our clients with premium quality products. We are exporting or product globally. Under the able guidance of our mentor **Mr. Sumesh Malpotra**, we have carved a niche for ourselves in the market. Our excellent products and timely delivery services, we have created a good rapport with our esteemed clients from whom we have long working alliance.
