We are manufacturer of airport ground support equipment, disc harrow, disc plough etc.

About Us

Honest Engineering Company has been playing stroke of excellence in the domain of agriculture and airport implements. With our technical expertise, we have achieved specialization in the manufacturing of Aircraft Ground Support Equipment, Agricultural Disc Plough etc. Adhering strict quality norms, we design products as per the national and international quality standards. Backed by a finely distributed network of dealers and distributors, we have been successfully catering to clients based even in the remotest part of the world. The company was established in the year 1954 at Bilimora, in Gujarat, India. Under the headship of our mentor, Mr. Yogesh .H. Mistry, we have grown in leaps and bounds in the global markets. Today, we have carved a niche as one of the distinguished Disc Harrow Manufacturers and as the most predominant Tipping Trailer Exporter in India.
