About Us

Kalp Steri Solution was established in the year 2011. Kalp Steri Solution is a company engaged in supplying and trading in wide range of microbiological products. Our products are widely used in the fields of microbiology and life science field. We are representing some reputed research based MNC companies that have the work profile of manufacturing and marketing finest quality microbiology and life science products world wide.

We are the principle distributor for Micro Biotech Inc. Our products are procured from some of the most reliable sources, who follow established quality standards in their company. Consequently, this makes our products highly reliable and safe to use. The company is run under proprietorship.
