<https://www.indiamart.com/i3d-technologies/>

We are known to be amongst the leading traders and suppliers of this unmatched and wide range of Industrial Chemicals. Further, we make the finest Door step service of CNC machine, at the most reasonable rate possible.

## About Us

Established in the year **2010**, at Chennai, Tamil Nadu (India), we "**Keerthana Machine Tools**", are engaged ourselves in importing and trading a wide range of Printers and CNC Router. These products are obtained from highly trusted vendors in the markets. We select our vendors on the basis of their credibility in the market, technology and raw materials used in the process of production. Founded with aim of achieving maximum client satisfaction, we have gained prominent position in the domestic markets. Our vendors make sure that high grade raw materials and cutting edge technology are used in the process of manufacturing. Clients can avail from us these products as per the present market trends and at reasonable prices. **In addition to this, we provide the finest Door step service of CNC machine, at the most reasonable rate possible.**

By delivering authentic products within the committed deadlines, we have gained the trust of clients throughout the nation. We also provide customization as per the requirements of the clients. In order to make sure of the quality, we have employed a dexterous team of quality regulators who are backed by many years of industry experience. They conduct their tests in all the stages right from procuring to the final delivery. **We are importing from China and Itali.**

Moreover, We are functioning under the powerful leadership of our Proprietor, "**Mr. Arun Kumar K.**", who is well versed with the...
