ISF Chitin And Marine Products Llp

<https://www.indiamart.com/india-seafoods/>

Incepted in the year **2018**, **ISF Chitin & Marine Products LLP** is one of the renowned company primarily engaged in **Manufacturing and Exporting** a wide range of **Chitin , Chitosan and its derivatives , Organic Manure.**

About Us

ISF Chitin & Marine Products LLP was established in the year **1959** with the principal objective of promoting the processing and export of marine products available in plenty from the Indian Coastal belt. The Marine Products industry was an uncharted area in India in those times. ISF took the initiative to promote the processing of Marine Products from India and thus the pioneer of the Indian Sea Food industry. The products processed by ISF was branded and sold as "FEISTA". This brand is today well established in both International and Domestic markets.

In line with the company's vision to develop new products, ISF, later set out on an ambitious project to convert the waste generated at its procurement and processing centers into value-added products. ISF took the assistance of Central Institute of Fisheries Technology for this endeavor. The latter aligned with ISF and technically collaborated with ISF to develop value-added products as a by-product of the seafood processing industry.

After years of collaboration with CIFT in R&D, in the year 1988, ISF set up its first pilot plant at Kannamaly, Kochi to conduct trial production of CHITIN. In 1990 ISF started producing Chitin commercially. Bagging an order from ROTTA RESEARCH LABORATORIES, Italy who had the patent for manufacturing Glucosime HCl, ISF shipped the first...

CHITIN PRODUCTS

Our Products

Chitin Ash Below .5%

N-Acetylglucosamine
Conversion Raw Material

Chitin Powder For Animal
Feed

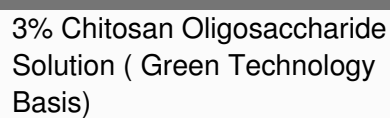

Chitin Powder

Our Products

Chitosan Powder DA above 80%

Chitosan Powder DA Above 85%

Chitosan Powder DA Above 90%

CHITOSAN DERIVATIVES

Our Products

Chitosan HBD DA Above 90%

Chitosan HBD packaging

Carboxymethyl Chitosan

OTHER PRODUCTS:

Glucosamine Conversion Raw Material

ISF CHITIN AND MARINE PRODUCTS LLP		
SPECIFICATION SHEET		
PRODUCT NAME	CHITOSAN 75-85%	GRADE
REMARKS	CHITOSAN is a natural sugar amino from marine shell (crustacean) species (deproteinized)	
PROPERTY NAME	UNIT/TEST	TEST METHOD
Grade	CHITOSAN 75-85%	
Origin	India	
Appearance	White to light yellow	
Physical Property	Moisture (105°C/2h)	Less than 5.0%
Chemical Property	Viscosity (1% solution)	More than 100 cP
Test Method	ISO 15705-1	
Grade	CHITOSAN 75-85%	
Origin	India	
Appearance	White to light yellow	
Physical Property	Moisture (105°C/2h)	Less than 5.0%
Chemical Property	Viscosity (1% solution)	More than 100 cP
Test Method	ISO 15705-1	
Grade	CHITOSAN 75-85%	
Origin	India	
Appearance	White to light yellow	
Physical Property	Moisture (105°C/2h)	Less than 5.0%
Chemical Property	Viscosity (1% solution)	More than 100 cP
Test Method	ISO 15705-1	

Chitosan Powder Da Above 75%

20% Chitosan Oligosaccharide Solution

10% Chitosan Oligosaccharide Solution

Factsheet

Year of Establishment	: 2018
Nature of Business	: Exporter and Manufacturer
Total Number of Employees	: 51 to 100 People
