

India Tools & Instruments Co.

<https://www.indiamart.com/india-tools/>

We, India Tools & Instruments Company, are engaged in supplying and exporting Coating & Ultrasonic Thickness Gauges, Optical & Measuring Instruments and Scientific Apparatus. These are known for their performance and accuracy.

About Us

Established in the year 1983, we “**India Tools & Instruments Company**”, are engaged in supplying and exporting a wide range of **Coating & Ultrasonic Thickness Gauges, Optical & Precision Measuring Instruments** and **Scientific Apparatus**. The range offered by us includes **Coating Thickness Gauge, Ultrasonic Thickness Gauges, Measuring Microscopes, Metallurgical Microscopes, Stereoscopic Microscopes** and **Zoom Stereo Microscopes**. In addition to this, we offer Centering Microscopes, Workshop Microscopes, Light Illuminators, Integrated Hardness Testers, Rockwell Hardness Testers and Portable Hardness Tester, to name a few. Procured from the reliable vendors of the market, these products are manufactured using superior quality raw material and sophisticated production techniques. Owing to their features such as safe usage, reliable performance, high accuracy, wide measuring range, fine calibration and long functional life, these products are widely demanded by the clients. We offer these products in various specifications to meet the diverse requirements of our clients. Our organization is supported by a highly committed team of professionals, which holds in-depth knowledge and vast expertise in this domain. To ensure optimum quality products, our professionals procure the entire range that is developed as per the international standards and norms. Moreover, they check the entire range on various well-defined...
