About Us

We take pleasure in introducing us as a leading trader and supplier with dynamic approach and well coordinated network, having business and mutual relations with numerous Organizations and Government bodies throughout the Globe, since 1965.

We have steadily broadened and diversified our activities in various services. We are working on trade in crude oil and by-products i.e. Gasoline, Oil, Bitumen, Diesel, Lubricating oil, etc. Other products extracted from refineries and gas plants are fertilizers and oil finished products i.e. Urea, Sulphur, Potash, Ammonia and many more.

We have approached in many organizations and government bodies for Defence Products & Demining, i.e. Bulletproof Helmets, Jackets, Shelter System, Armor Shields, Clothing, Drones and many more . Our main aim is always to provide the international quality products to our clientele in the most efficient way with technological advancements and innovative technologies used in manufacturing process.

We look forward in guiding investors for building Townships, Hotels, Resorts and other Commercial Estates in growing, potential & safe economies of the world. We work as a guide for investing and protecting the capital of our potential customers.
