Industrial Sales Emporium

<https://www.indiamart.com/industrialsalesemporium/>

We are the leading suppliers of an extensive range of Industrial Products. We also hold expertise in undertaking fabrication job of all engineering & mechanical products like PTFE Products, Rubber Products & Industrial Adhesives.

About Us

Established in the years 1995, we, Industrial Sales Emporium, are a renowned supplier of premium quality range of Industrial Products. These products are reliable in performance, low maintenance cost, and have application specific design serving the needs of Chemical, Cement, Petrochemicals, Textile and all types of valves & Pipe Lining Industries. Apart from offering quality end products, we also provide excellent fabrication services for all types of engineering and mechanical products like Teflon Products, Rubber & Industrial Plastics and Engineering Adhesives. Based at Kolkata (India), we have viable distribution network spread across various parts of the country. This enables us to source optimum quality range of products from authentic and well-established vendors. We ensure to readily serve our clients with our good and prompt supply of products and services. The goodwill that we have earned in the domestic market and the approvals from various industries is due to our all round excellence and consistent performance. We are guided by our mentor, Mr. Manoj Choraria, who has always motivated us to excel in the industry by working in an integrated manner. Under his supervision, our organization has continuously climbed the ladder of success and explored new horizons of innovation.
