Manufacturer of tablets, liquid orals, pediatric drops, anti cold etc.

About Us

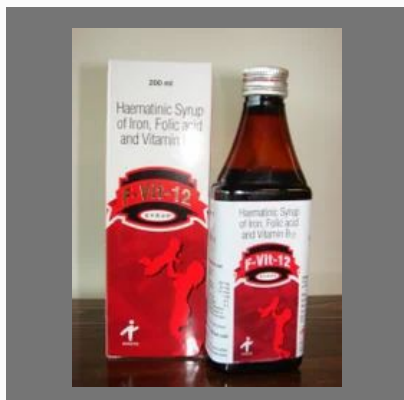

At INTACTO, we are synonymous with providing superior medicines at affordable prices to various states across our country. In 2008, our ultra modern manufacturing plant with the latest GMP equipments, unilateral flow of material and other GMP requirements has been set up at Selaqui, an enterprising industrial hub amidst the sprawling Himalayan valley of Dehra Dun. The unit houses Liquid-oral, Tablet, Capsule, Topical (Cream, Ointment & Lotion) Sections to brace themselves with rapidly changing technologies and cater to the increasingly sophisticated & knowledgeable health-conscious consumers of the modern world. We have as yet begun production in our liquid-oral & tablet sections spinning out quite a variety of formulations every day. Very soon we shall be expending our capsule and ointment range for the service of humanity. The unit boasts of a well-equipped Quality Control Department comprising of the chemical, the instrumental and microbiological laboratory. We are well aware of our commitment to the environment as well. That's why, in our efforts to conserve energy, save precious fuel and water, we have incorporated rain water harvesting system, ETP-plant and latest AHU's for fresh air circulation. Our market indicates that the future is bright and opportunistic and we are looking forward to it with a range of innovative products & robust optimism. CORPORATE POLICY ----- We don't see ourselves as mere manufacturers but as facilitators to the...
