## About Us

Established in the year **1975**, we, **Shree Kalyanrai Engineers (INTERVEST)** are amongst the acknowledged organizations engaged in the business of manufacturing and supplying a wide range of **Interinvest Make Oil Duplex Filters & Boiler Accessories**. The prime basis of our production is continuous research and development to make our sure that our equipment do not lose their value and functionality even after many years. We have dedicated a fair amount of investment in developing R&D wing that operates under the guidance of professional research staff. Our prime concern is to achieve 100% client satisfaction by providing them Filters, which are high on performance and less on maintenance. We would like our products to be remembered as an investment for the lifetime. Further, our focus is on implementing Total Quality management to help our employees and clients receive our best efforts. We would like to offer benefit and profit not only to our organization but to every single member associated with us in any form. The business decisions of our organization are being taken by our mentor, **Mr. Samir R. Chokshi**. His foresightedness and sharp business acumen have led us to emerge from a small business house to a renowned brand, which is preferred by many industries operating all over India.
