**Ishita Pharma is regarded as a pioneer wholeseller, distributor and merchant exporter of Pharmaceutical Products.**

## About Us

**Ishita Pharma** was established in the year **1998**. We are **Wholesaler, Trader, Exporter** and **Supplier** of **Life Saving Drugs, Human Vaccines, Pharmaceutical Capsules, Pharmaceutical Medicines** and **Oncology Drugs**. Our specialization in distribution of vaccines in local and domestic market has awarded the firm as one of the topmost vaccine dealer in the country. With many years of pharma distribution experience and close contact with manufacturers has made us a distinguished supplier of entire range of generic products. With such characteristics, these drugs are approved by various eminent doctors, medical experts and pharmacists. These products are known for their purity, longer shelf life, effectiveness and minimum side effects.

Our competent team of professionals ensures that we render an effective range of drugs in the market. For the same, our procuring agents conduct extensive market studies, which help us in searching the best vendors in this domain. Further, these employees maintain a close coordination between vendors and clients, ensuring that the products are offered as per the specific demands of the customers. We believe that customer satisfaction is vital and this is achieved by supplying quality products in time at competitive prices. We ensure that quality is built into the product at every stage of its development, manufacture, warehousing, distribution and sales.

Owing to this, we have...
