

Jai Bharat Industries

<https://www.indiamart.com/jai-bharat-industries/>

We are a leading manufacturer and supplier of premium quality **industrial steel** products such as **pipes** and **tubes** as per the specifications provided by our customers (AS PER ASTM)

About Us

"**Jai Bharat Industries**" was incepted in the year **2003** by **Mr. Nitesh** in **Chandigarh**. Our company is specialized in manufacturing premium industrial sheets in the shape of pipes and tubes such as **Dairy Tubes, Heat Exchanger Tubes, SS Rectangle Pipes, SS Dairy Tubes** and **Automotive Exhaust Pipes**. We are committed to maintain all the required parameters such as quality, delivery schedule and economical pricing. Many of our customers have achieved a lot of benefits by way of financial saving and quality production. We are therefore in a position to offer quality range of products to many of our customers. Our products have unique features which are specific for our customers' application in their factories. We have established a good infrastructure facility covering all units. These units have been fully equipped with the requisite machinery and work force. Our staff members are highly qualified and have sound knowledge about our product range and company policy. These are our added advantage for the company to grow in the business. Quality raw material such as alloy steel, carbon steel, stainless steel and nickel alloys are procured from reputed vendors to manufacture our superior range of products. Being a qualified and experienced businessman, our **Managing Director, Mr. Nitesh**, has been dealing with our company's promotion in many ways. He has been a guide and mentor to all our staff members. **Mr....**
