Jams Castings Private Limited

<https://www.indiamart.com/jams-castings/>

Manufacturer of S.S. castings, centrifugal castings, retorts, liners, radiant tubes, furnace spares etc.

About Us

JAMS have established themselves as pioneers in the manufacture & marketing of special Alloy Castings & Fabricated Equipments for heat, wear & corrosion resistant applications. Since decades, **JAMS** has been committed to provide high quality heat treatment fixtures & fabricated equipments. Apart from manufacturing, **JAMS** offer state-of-the-art engineering designs & assemblies which are specific to customer requirements and standards. **JAMS** products are being increasingly used in a wide range of industries for vital applications. Some of the key sectors of the Indian economy already served by **JAMS** include

- Heat Treatment,
- Chemical,
- Cement,
- Steel,
- Petroleum-Refineries,
- Fertilizer,
- Pharmaceutical,
- Automobile,
- Defense and many other engineering industries.

JAMS manufactures a full line of fabrications including baskets, fixturing, furnace fans (new and rebuilt), furnace rolls, muffles, corrugated boxes, E. R.W and cast radiant tubes and retorts. We design fixturing to specific customer requirements. Our engineering service is available for new designs as well as the redesign of existing applications. **JAMS** strict attention to detail and high quality production processes result in the finest cast products available on the market today. Our dedication to new technologies and quality enhancements, you are also assured of the highest...
