Japan Polymer Analytical And Research Laboratory India Private Limited

<https://www.indiamart.com/japanpolymerlab/>

We are one of the leading **Service Provider** for the service domain of tests and analysis of all kinds of **Polymers**. Apart from this, we also undertake services for the consultancy and technical support for our esteemed customers.

About Us

Established in the **year 2008**, we, “**Japan Polymer Analytical and Research Laboratory India Private Limited**”, are a leading service provider for **tests and analysis of all kinds of polymers**. In addition to these, we are also engaged in offering solutions in terms of consultancy and technical support for the numerous problems of our clients. Our firm is a subsidiary of well-reckoned Japanese company called **Higashi Kagaku Co. Ltd.** The services offered by us are reliable and quick owing to our unrelenting team-force and modern in-house facilities.

Our testing and analyzing laboratories are fully equipped with all the advanced technology and latest machines & tools. Therefore, we have been able to provide customized solution and designed services to our clients as per the specifications given by our clients. Our flexible payment modes like cash, cheque, DD, LC, online and wire transfer enable us to accelerate smooth monetary transactions with our clients. We have been able to garner huge client base in the domestic and East Asian markets due to our good financial position & **TQM, OEM** capability and cost-effective prices.

In Japan the company was established by a farsighted and passionate Managing Director, **Mr. Takayuki Iioka**. But in India, under the insightful leadership of our mentor, “**Mr. Anbuchelvan**”, we have been able to achieve a phenomenal glory within a...

PHYSICAL TESTING OF PLASTICS

What We Offer

Flexural Properties Of Plastics

Compression Properties of Plastics

Plastic Flexural Strength Testing Service

Plastic Izod Impact Testing Service

CHEMICAL ANALYSIS OF RUBBERS

What We Offer

Plastic Testing Service

Thermal Analysis Of Rubbers

Identification Of Rubber By
Chemical Analysis

Rubber Testing Services

PHYSICAL TESTING OF RUBBERS

What We Offer

Tear Properties of Rubbers

Tensile Properties testing services

Low Temperature Retraction Test

Charpy Impact Strength Testing Services

CHEMICAL ANALYSIS OF PLASTICS

What We Offer

Resistance Of Plastic To
Chemical Reagents Testing
Services

Carbon Black Content In
Olefin Plastics Testing
Services

Determination of Temperature
of Crystallisation And Melting
Of Plastics By DSC Technique

Thermal Analysis of Plastics

LATEX TESTING

What We Offer

Vicat Softening Temperature of Plastics Testing Services

Tear Resistance (Graves Tear) of Plastic Film And Sheeting Testing Services

Metal Flow Rate Or Melt Flow Index Testing

Adhesion To A Flexible Substrate

TEAR PROPERTIES OF RUBBER

What We Offer

Tear Resistance Testing Service

Fuel / Chemical Resistance Of Rubber Testing Service

Rubber Compression Test At Low Temperature

ELECTRICAL TESTING OF POLYMERS

What We Offer

Volume And Surface
Resistivity Test

Volume Resistivity

Migration Test

OTHER SERVICES:

DSC Technique Plastic Testing Service

Silicone Rubber Testing Services

Tensile, Elongation And Modulus Properties Testing Services

Thin Film Tensile Property Testing Service

Factsheet

Year of Establishment	: 2008
Nature of Business	: Service Provider
Total Number of Employees	: 11 to 25 People
