Jaya Hind Sciaky Limited

<https://www.indiamart.com/jayahindsciaky/>

Our Group Company The Captive T/R of Kinetic was established in 1980. The continuous enhancement both in Technology & Competency. since its inception has resulted in Today's STATE-OF-THE-ART tool room catering in-house requirements.

About Us

Established in the year 1974, we, Jaya Hind Sciaky Limited, are one of renowned designers & manufacturers of Tooling like Jigs & Fixtures, Rubber Molds, Gauges, Injection Molds, Die Casting Dies and Press Tools. We are consistently committed to maintain high quality standards in all products & satisfy our valued clients.

- Jaya Hind Sciaky is a JV company between Kinetic group India and Sciaky of France.
- We collaborated at a time when India was just getting in direction of industrialization.
- We are the first Indian resistance welding solution provider in India.
- JHS has sold more than 25,000 machines in India and abroad till date.
- JHS provides complete solutions to customers for automated lines.
- JHS is the only resistance welding solution provider having professional organization with concept of CFT for various business process.

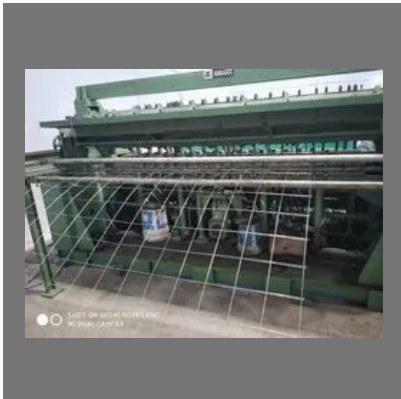

Quality is the base of our organization and to maintain it we have advanced manufacturing facility, which also helps us to provide maximum client satisfaction. With the support of our manufacturing unit and skilled manpower, we have been manufacturing our range of Jigs & Fixtures, Molds and Press Tools as per the international standard. Due to our advanced testing Equipments like Co-ordinate Measuring Machine, Profile Projector V16E and Vertical Height Measuring Machine, we are able to deliver a defect free range to our valued clients. We...
