

J B Industries

<https://www.indiamart.com/jb-industries/>

We are a renowned name engaged in offering services for Electropolishing and Metal Coating. By adopting latest technologies, we are coming up with optimum solutions that are used by various engineering related industries.

About Us

Commenced operations in year 2001, **J. B. Industries** is amongst the prominent names that are engaged in offering **Electropolishing and Metal Coating** services. We hold expertise in undertaking job works for hard chrome coating & electropolishing for enhancing the life of metals and alloys. In order to fulfill the emerging demands of the market, we are working towards ascertaining perfection, performance & timeliness in all our operations. Our consistent endeavors are directed towards the improvement of our service standards and maintaining consistency in the services offered. Our organization is led by **Mr. Rajesh J. Palresha**, who is a qualified mechanical engineer from Pune University. With his far-sighted vision, and the objective of surpassing the expectations of our clients, he is setting benchmarks in this highly competitive market. Owing to his support and supervision, we are catering to the escalating demands of various engineering related industries.
