Jemi Works

<https://www.indiamart.com/jemiworks/>

We are one of the leading organisations engaged in fabrication and job work for products made from sheet metal, lead, HDPE and FRP. Our products and services are extensively used in industries like chemical, electrical goods and many others.

About Us

Established in the year 1995, **Jemi Works**, has carved out a niche for itself as a reputed organization engaged in fabrication and job work. Since our inception, we have been undertaking different job works like lead bonding reactor & vessels, lead lining tanks, lead coils, FRP tanks, PP, PVC, HDPE & lead pipe line fabrication for chemical companies. Our association with the fabrication industry for the past forty years, has strengthened our base and made us a name to reckon with. The array of our products and services include MS fabrications, lead coil, lead bonding equipment, lead condensor, FRP jars, FRP tank and FRP pipelines. One of the major attractions that our company has is our pricing policy coupled with our ability to provide customized products and fabrication services. Our gamut encompasses rendering, erection and installation services at the premises of the customers and enlightening their personnel on the involved maintenance aspects.
