Our company is leading the industry by endlessly manufacturing, supplying and exporting an exclusive array of fine Diamond and Gemstone Jewellery and many more. We use advanced methods to design our entire gamut as per clients expectations.

About Us

Jewels Of Jaipur has embarked its presence in industry in **2007**, with a passion and zeal to become the favored choice of customers. We are a private owned company, engaged in **manufacturing, exporting and supplying** a wide assortment of **Fine Diamond Jewellery, Fine Gemstone Jewellery, Gift Product and many more products**. We design the entire collection using current trends and as per the expectations of clients. Also, we never compromise in terms of excellence and have adopted several industrial recommended quality control standards. Our products are available in variety of sizes and shapes and highly acclaimed for their unique patterns, unmatched excellence, exclusive designs, fine cuts and many others. We have adopted latest production methods to stay in tune with the upcoming preferences of clients and the development taking place in industry. Our range is also packed utilizing premium quality packaging material, which protect the entire gamut from damage and other flaws during transit. Executing operations under the guidance and astute leadership of our honorable managing director **Mr. Ankit Lodha (Graduate Gemologist (GIA))**, we have been capable of placing our name successfully in the list of top-notch organizations. He has enabled us gaining the trust of maximum customers and achieving a distinguished niche in industry with his sound business insight, industrial experience, managerial qualities and foresightedness. ...
