J J Tubes Private Limited

<https://www.indiamart.com/jjudogog/>

We are one of the promising manufacturers & exporters of a wide range of tines and tractor linkage part. These are acclaimed for sturdy construction, high efficiency, corrosion resistance & long service life.

About Us

Incepted in the year **1992**, J. J. Udog is one of the well recognized manufactures of automobile spares in the domestic territory. In the year 1998, the company extended the business and started manufacturing and exporting wide range of tine and tractor linkage part. Later on the single company turned into multi product organization.

The products offered by us includes **bale spear curved tines with nut, bale spears, adjustable tow ring, bolt on tow ring, chrome hitch ball, clamp for slurry tank, laminated wheel, tow chain, forged hammer, forged swivel tow eye, and hitch pins**. These are widely appreciated for sturdy construction, high efficiency, corrosion resistance and long service life.

With the support of our dedicated and hardworking professionals, we have been designing qualitative range of tine and tractor linkage part. Backed by state-of-the-art infrastructural unit, we are able to meet the requirement of agriculture sector. Our entire range undergoes various processes like machining, milling, grinding, hydraulic threading, shot blasting, heat treatment, spray painting to ensure defined industrial standard.

Our organization is a 100% export unit engaged in the process of exporting high quality engineering goods. The company is headed by **Mr. Dinesh Chander Bahl**, a Mechanical Engineer cum MBA. He has over 30 years of experience in the field of Engineering. At present, our organization is led by our mentor **Mr....**
