# Ascent Equipments Private Limited

<https://www.indiamart.com/jk-engineers-vadodara/>

This SSI unit has been promoted by MrV.C.Shah & Mr. Apurv Shah in the year July 2006.

## About Us

We, “**J. K. Engineers, Vadodara**”, have established ourselves in the market as a pre-eminent manufacturer and supplier of **Engineering Products**. These products are appreciated by our clients throughout the nation due to their precise engineering and ability to withstand temperature fluctuations. Apart from that, these products have a broad chemical compatibility, which makes these safe to use. With a vast experience in this domain and in-sight knowledge of the industry, we have deployed our resources to efficient and effective use. Our team of professionals is competent enough to design products in compliance with the detailed specifications provided by our clients. For the production of our range, we procure qualitative raw components from trustworthy sources of the industry. **"Our endeavor is always to give money's value in real commercial terms to our customer. Our objective and mission is to ensure quality and full satisfaction of our clients in terms of best products and services."** Our motto is total client satisfaction by total Quality Control with a view to produce first rate service to the clients. All products are manufactured with desired dimensions, requirements by the customer under the Independent as well as third party Inspection agency. Under supervision of our mentor, “**Mr. Sanat Thakor**”, we have accomplished numerous targets set by our organization....
