About Us

Jailaxmi Casting & Alloys Pvt. Ltd. is engaged in manufacturing of special and alloy steel billet, bars for automotive, engineering and allied industries since its inception in 2005. Jailaxmi Casting & Alloys Pvt. Ltd. is committed to progress and growth through customer satisfaction and hence the endeavor to improve the quality and service by upgradation of facilities, improvement in skill & knowledge through continuous training. Jailaxmi Casting & Alloys Pvt. Ltd. commenced production on 14th June 2005. The company started with manufacturing Mild Steel billets with a vision to enter the specialty steel premium market. To pursuit its goals, JCAPL soon embarked on an expansion program to install an Alloy Steel Rolling Mill in its own premises. The Rolling Mill Project was finalized in May 2006 and Mill was successfully commissioned within nine months. One of the major milestones of the new mill was the successful rolling of grades in all sections from 25 mm upto 125 mm within a span of four months. At JCAPL, we have a core team comprising of proven, experienced, & decisive leaders who leads the company's relentless passion to improve, to innovate and to prevail. At JCAPL, we always try to change ourselves so that we can deal with future and attain further development.
