

J. M. Engineering Works

<https://www.indiamart.com/jmengineeringworks/>

We are a reputed organization engaged in Manufacturing a wide collection of Reprocessing Plastic Machinery. All our machines are widely used in agriculture, power and automobile industries.

About Us

Established in the year **1998**, We, "**JM Engineering Works**", are one of the leading Manufacturers of a comprehensive range of **Reprocessing Plastic Machinery**. We manufacture all our products in compliance with international quality norms & standards, using high grade raw material and latest technology. Our products are available in various models & sizes at market leading prices. In addition to this, our products are known for their longer functional life, abrasion & corrosion resistance, less maintenance, sturdy construction and excellent performance. We are backed by a modern manufacturing facility, which assists us in making all the products as per the demands and requirements of our customers. Our unit is equipped with latest technology and machinery that are needed for executing production process fast and smoothly. In addition to this, our team of expert professionals helps us in developing cordial relations with customers by providing them the products as per their specific category. Under the able and efficient guidance of our mentor, '**Mr. Manoj Kumar Vishwakarma**', who has years of experience in this domain, we have established a strong foothold in the market. His in-depth knowledge, sound strategies and transparent business policies have enabled us to muster a huge clientele across the nation wide market.
