About Us

Jog Hospital is an ISO 9001:2008 Certified Specialty hospital dedicated to Orthopaedics, Gynaecology and Medicine. Founded in 1988 with a focus on ethical medical practice, Jog Hospital has established itself as one of the most reputed institutions in Pune. All the services provided in Jog Hospital are with a primary intention of providing quality treatment to patients and all efforts are directed towards patient satisfaction.

Jog Hospital is a spacious 30 bedded hospital with 24 hour emergency facility and round the clock availability of trained doctors. The rooms are spaciouly designed so as to cater for all the needs of the indoor patients. Utmost care is taken to maintain the privacy of patients in general wards or semiprivate rooms.

The Intensive Trauma Care Unit at Jog Hospital ensures that the most critical patients can also be managed with constant attention and expert supervision. Every effort is made to provide the latest available treatment at affordable prices. The faculty and attached consultants constantly strive to update themselves to the most recent innovations and treatment modalities available around the world.

The unique feature of Jog Hospital is providing personal attention to patients wherein the senior doctors in Jog Hospital maintain a direct rapport with the patients and their relatives. Transparency in patient management and clear communication with the patients has been the backbone of medical practice in Jog Hospital for more than...
