Jain Precision Fasteners

<https://www.indiamart.com/jpf-pvtltd/>

Manufacturer of mushroom head sq neck bolt, slotted mushroom head bolt, eye rod, ring, nut, banjo etc.

About Us

JPF was founded in the year 1986 by Vijender Kumar Jain at Rohtak with a vision to provide quality products for automotive industry without even slightly deviating from the acceptable norms and social values. Presently it stands enormously expanded with a large additional machining plant at Manesar. Apart from other technical functioning we specialize in hot & cold forging and sheet-metal components. The continuous progress and development of our company is a result of strict adherence to the highest standards that we have laid down over the years. Without compromising on the superiority of the finished goods we have achieved complete customer satisfaction and appreciation. Entire process at JPF stands recorded in black and white with complete transparency and that's why we are proud to be an ISO/TS 16949:2002 certified company. It remains a recorded fact that since inception we have provided complete satisfaction to our esteemed customers. We have attained perfect capabilities of designing through CAD and giving final shape to the components with latest installed equipment. Maintaining high concern for society we believe in perfect human resource management with personnel welfare strategies.
