We are the leading suppliers, retailers and wholesalers of a wide variety of **imported flooring and interior decoration products**. Our rich collection consists of both contemporary and traditional designs.

About Us

Established in 2010, 'JPS Home Decor,' is engaged in supplying a wide variety of imported flooring and interior decoration products in **Ludhiana**. Our team of highly creative designers helps us in providing customized solutions to our customers. The products that we offer are durable, fashionable, easy to maintain, and are cost effective as well. We offer our products in a wide range of colors, styles, designs and patterns. Our products are used extensively in homes and offices.

To rest assured about the flawlessness of our products, stringent quality checks are performed at the vendor's manufacturing site, as well as, at our premises. Further, to meet most of the demands of the clients promptly, we have maintained a huge and sophisticated warehouse where we store bulk stocks of our products in proper packaging . To maximize the satisfaction of our clients, we facilitate them with numerous easy modes of payment like cash, cheque, DD and wire transfer. We are known all over the industry for our timely deliveries, and efficient distribution network, which ensures that the delivery process is free of any hassle.

We are grateful to 'Mr. J. P. Singh Dhamija' for his assistance in all the business processes taking place at the organization. He has been a pillar of support to all the team members. Without his guidance, we would not have been able to achieve our current position in the market.
